SUBJECT: NOTICE OF ADMINISTRATIVE COMPLETENESS
RCRA PERMIT APPLICATION - TECHNICAL AREA 50
REVISION 2.0, DECEMBER 2000
LOS ALAMOS NATIONAL LABORATORY EPA ID# NM0890010515
HWB-LANL-99-048

Dear Dr. Browne and Mr. Gurule:

The New Mexico Environment Department (NMED) Hazardous Waste Bureau (HWB) has reviewed the above-referenced Permit Application for administrative completeness, as required under the New Mexico Hazardous Waste Fees Regulations, 20.4.2.201.3.1 NMAC.

HWB has determined the Application to be administratively complete.

20.4.2.201.3.1 NMAC requires the assessment of a permit application fee once a permit application is deemed administratively complete. A fee assessment invoice will be sent to you under separate cover. Pursuant to 20.4.2.301.1 NMAC, payment is due within sixty days after receipt of the invoice. You may receive an extension to the sixty-day period if you submit a written request and receive written approval from HWB prior to the date payment is due. Failure to pay the assessed fee by the due date may result in issuance of a Notice of Violation and/or denial of the Application.

If you disagree with the fee assessed you may file an administrative appeal under the provisions of 20.4.2.302 NMAC.

Upon receipt of the fees, HWB will begin review of the Application for technical adequacy pursuant to 20.4.2.201.3.2 NMAC.

If fees are transmitted electronically, you must submit a letter to Cindy Abeyta, HWB Financial & Data Management Program Manager, indicating the invoice number, payment amount, date of payment, and the assessed activity.

If you have any questions, please contact Steve Jetter of my staff at (505) 841-9488.

Sincerely,

John E. Kieling
Manager
Permits Management Program
