Dear Mr. Will:

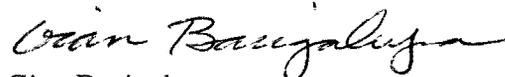

RE: Notice of Administrative Completeness RCRA Permit Application-Technical Area (TA) 50, Revision 2.0, Invoice # HWB-LANL-99-048

This letter requests an itemized accounting of the permit review fee submitted in the invoice referenced above. The invoice was sent under separate cover as part of the Notice of Administrative Completeness for the TA-50 Part B Permit Application received by Los Alamos National Laboratory from the Hazardous Waste Bureau on June 15, 2001. The invoice was dated June 19, 2001.

We are asking for the itemization in order to specifically identify the subject container storage areas, to reconcile the areas with the Annual Unit Audit and potential revisions to the LANL Part A Permit Application, and to determine the appropriate waste management organizations responsible for the payment of the fee. The TA-50 areas are managed by two separate organizations. We also request that future permit fee invoices be itemized for these same reasons.

If you should have any questions or concerns regarding this request, please feel free to contact me by telephone at 667-1579 or by E-mail at gian@lanl.gov.

Sincerely,

Gian Bacigalupa
