Dear Ms. Reiter:

We are in receipt of your Notice of Deficiency (NOD) regarding the Resource Conservation and Recovery Act Facility Investigation (RFI) Workplan for Operable Unit 1148, received May 3, 1993. Since this area is the major material disposal area at Los Alamos National Laboratory for which the Corrective Action Management Unit (CAMU) concept may be appropriate, we are requesting a 90 day extension to respond to the NOD.

If you have any questions, please call Steve Slaten of my staff at FTS 8-505-665-5050.
