# MEMORANDUM

DATE: 5-9-89

TA 53

TO: Boyd Hamilton BH

FROM: Mike Saloden, SWQB 

SUBJECT: Los Alamos National Laboratory

FYI. TA-53 will now be separated into two (2) distinct systems. One will treat sanitary waste + discharge through an NPOES outfall. The other treatment system is for radioactive waste and is full containment. If you have questions call me at 827-2798.
