Dear Mr. Crossman:

Attached you will find a set of engineering drawings for the Los Alamos National Laboratory's Technical Area 54, Area L proposed covered storage structure. Pursuant to our telephone conversation last week, this structure is almost identical to the existing unit at Area L. Your prompt review of and response to these drawings is greatly appreciated. Please call me if you have any questions regarding this matter at 667-0820.

Sincerely,

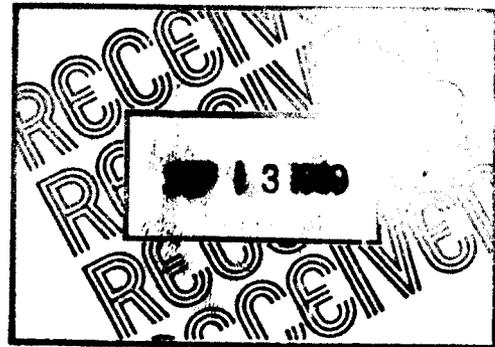

Alice Barr
