CERTIFIED MAIL - RETURN RECEIPT REQUESTED

Ms. Barbara Hoditschek
 Permit Program Manager
 Hazardous and Radioactive Materials Bureau
 New Mexico Environment Department
 525 Camino de los Marquez
 Santa Fe, NM 87502

Dear Ms. Hoditschek:

This letter is in response to your request of July 31, 1993, for a determination of the time necessary to provide additional information on the Transuranic (TRU) waste storage pad retrieval project. It is anticipated that the information you requested can be delivered by August 20, 1993. The information pertinent to the five items listed in the request will be submitted as a package at that time.

This response has been provided as a supplementary submittal addressing documentation for the proposed Consent Agreement reached between the New Mexico Environment Department and the Department of Energy/Regents of the University of California regarding Compliance Orders 93-01 through 93-04.

If there are any questions regarding this matter, please contact Gian Bacigalupa, Los Alamos National Laboratory, at (505) 667-1579.

Sincerely,

Jerry L. Bellows
 Area Manager
