Mr. Jerry Bellows  
Area Manager  
U.S. Department of Energy  
Los Alamos Area Office  
Los Alamos, New Mexico 87544-5000

Dear Mr. Bellows:

Enclosed is a draft letter and information package to the New Mexico Environment Department for your concurrence and signature. The letter submits information the Hazardous and Radioactive Materials Bureau requested July 31, 1993. The information the Bureau requested provides additional detail on the Preliminary Design Criteria for the proposed TA-54, Area G TRU Storage Units, which were originally presented to the Bureau at a meeting in Santa Fe, July 29, 1993. The Bureau has requested that this submittal be sent to them by August 20, 1993, in order for the State to set a response due date for the formal review of the initial material.

Sincerely,

Allen J. Tiedman  
Associate Director  
for Operations
