DISCUSSION:

I left a message for Jack that the report indicates that the tank waste was transported as a non-hazardous waste. Can we get verification or a signed letter stating that they were transported as haz waste? ASAP? Deadline is 3-31-96. 3:50 Answer: Mr. Ellvinger informed me that the tank waste was in fact shipped as non-hazardous. LANL feels the analytical data prove that the waste was non-hazardous.
