Re: RFI Report for Channels from MDAs G, H, J, and L in  
Technical Area 54, LANL (NM0890010515)

Dear Mr. Garcia:

The Environmental Protection Agency (EPA) has reviewed the  
Los Alamos National Laboratory RFI Report for Channels from  
Material Disposal Areas (MDAs) G, H, J, and L in Technical Area  
54 dated February 27, 1996. EPA approves the recommendations of  
this report, and currently sees no additional sampling  
requirements for the channels at these MDAs.

Should you have any questions, please feel free to contact  
Ms. Barbara Driscoll at (214) 665-7441.

Sincerely,

David W. Neleigh, Chief  
New Mexico and Federal  
Facilities Section
