Subject: Fifteen-Day Sampling Notification for Material Disposal Areas G, H and L at Technical Area 54

Dear Mr. Bearzi

Beginning July 1, 2009, Los Alamos National Laboratory (the Laboratory) Environmental Programs Directorate (EP) Corrective Actions Projects (CAP) is planning to collect vapor samples from 20 boreholes at Material Disposal Areas (MDAs) G, 3 boreholes at MDA H, and 25 boreholes at MDA L to support the fiscal year 2009 fourth quarter sampling event.

EP-CAP will verbally confirm with and/or notify New Mexico Environment Department Hazardous Waste Bureau staff of any changes to the schedule. The sampling results will be presented in separate periodic monitoring reports for each MDA, an annual report for MDA G, and quarterly reports for MDAs H and L.

Please contact Steve Paris at (505) 606-0915 (smparis@lanl.gov) if you have any questions.

Sincerely,

Dave McInroy, Project Director
