**RE: APPROVAL OF REQUEST FOR EXTENSION TO SUBMIT THE SUMMARY
REPORT FOR WELL R-22 REDEVELOPMENT, PHASE 1
EPA ID #NM0890010515
HWB-LANL-MISC-GW**

Dear Messrs. Gregory and McInroy:

The New Mexico Environment Department (NMED) is in receipt of the United States Department of Energy and Los Alamos National Security, LLC (collectively, the Permittees) document entitled *Request for Extension on the Submittal of the Summary Report of Well R-22 Redevelopment, Phase 1* (hereafter, the Request) dated June 15, 2009 and received on June 17, 2009. The document is referenced by EP2009-0290.

The Permittees state in the Request that changes to the work plan for rehabilitation of well R-22, approved by NMED on May 15, 2009, resulted in a delayed start-up of rehabilitation activities and require a longer timeframe to complete these activities. The Permittees have shown good cause for the requested extension. NMED, therefore, grants the extension. The summary report for Phase 1 of redevelopment of well R-22 shall be submitted no later than August 31, 2009.
