Subject: 15-Day Sampling Notification for Third Quarter Fiscal Year 2010 Vapor-Sampling Activities at Material Disposal Areas H and L at Technical Area 54

Dear Mr. Bearzi:

Beginning on or about April 1, 2010, Los Alamos National Laboratory (the Laboratory) plans to collect pore-gas samples from 4 vapor-monitoring wells at Material Disposal Area (MDA) H and 28 at MDA L. This sampling effort will satisfy the fiscal year 2010 third quarter periodic monitoring.

The Laboratory will verbally notify the New Mexico Environment Department Hazardous Waste Bureau staff of any changes to the schedule. The sampling results will be presented in separate periodic monitoring reports for each MDA.

If you have any questions, please contact Jarrett Rice at 505-665-3874 (wjrice@lanl.gov).

Sincerely,
