**RE: APPROVAL
CLASS 1 PERMIT MODIFICATION TO ADD A RESTROOM TRAILER
AT TA-54, PAD 11 TO THE LOS ALAMOS NATIONAL LABORATORY
(LANL) HAZARDOUS WASTE PERMIT
EPA ID #NM0890010515
HWB-LANL-16-059**

Dear Ms. Armijo and Mr. Bretzke:

The New Mexico Environment Department (Department) has received from the United States Department of Energy and Los Alamos National Security, LLC, (collectively, the Permittees) a *Transmittal of Class 1 Permit Modification Request to Add a Restroom Trailer at TA-54, Pad 11 to the Los Alamos National Laboratory Hazardous Waste Facility Permit (PMR)* and referenced by EPC-DO-16-352 and LA-UR-16-28796. The Permittees submitted this permit modification request (PMR) on November 28, 2016, seeking to modify the Permit to update to the descriptions and figures to reflect the addition of a structure to the permitted unit that is located at Technical Area 54 Area G, Pad 11.

The Department has reviewed this PMR that requires prior approval in accordance with 20.4.1.900 NMAC (incorporating 40 CFR § 270.42(a)) and hereby issues this Approval, with descriptions and figure changes to Permit Attachments A, N, and G.12.

An electronic version of the Permit that incorporates the modification is enclosed with this letter. The modified Permit is also available on the Department's Hazardous Waste Bureau website <https://www.env.nm.gov/HWB/Permit.htm>.

The New Mexico Hazardous Waste Management Regulations at 20.4.1.901.A (10) NMAC states "A final permit decision shall become effective thirty (30) days after the notice of the decision has been served on the applicant". The modified Permit will become effective 30 days after the date of this Approval.

If you have any questions regarding this correspondence, please contact Siona Briley of my staff at 505-476-6049.

Sincerely,

John E. Kieling
Chief
Hazardous Waste Bureau
