Dear Sir or Madam:

Enclosed please find one copy of an emergency permit for treatment of a mixed waste that the New Mexico Environment Department (NMED) has approved for the US Department of Energy/Los Alamos National Laboratories. NMED is hereby requesting that you make this permit available for public review during the period of June 10 through July 29, 1994.

Also enclosed for public review are a fact sheet summarizing important facts regarding this project and a copy of the public notice publicizing its issuance. This public notice will be published in the Albuquerque Journal, the Santa Fe New Mexican, and the Los Alamos Monitor on June 10, 1994.

Also enclosed is a "sign-in" sheet for those members of the public who wish to review this information. Please have any reviewers sign this sheet and return the sheet at the end of the review period so that it can be included in the administrative record for this permit.

Thank you for your cooperation in this matter. If you have any questions or comments, please contact Stephanie Kruse of my staff at 827-4308.

Sincerely,

Barbara Hoditschek
