FROM: Stephanie *Stephanie Kruse*
SUBJECT: LANL Emergency Permit
DATE: July 6, 1994

Jody Plum (DOE/LAAO) called to say that, with regard to the emergency permit for ashing of the nitrated cheesecloth, a dry run is planned for today, and the thermal decomposition process will start tomorrow. That is, the 90-day emergency permit period will start tomorrow, 07/07/94, and end 10/05/94.
