Dear Mr Todd and Dr. Browne:

**RE: Determination of Administrative Completeness, Technical Area  
(TA) 55 Part B Permit Application**

The New Mexico Environment Department (NMED) Hazardous and Radioactive Materials Bureau (HRMB) has completed a review for administrative completeness of DOE/LANL's (LANL's) Part B Permit Application (Part B) for TA-55 and determined it to be administratively complete. The New Mexico Hazardous Waste Fee Regulations, 20 NMAC 4.2, require the assessment of fees for the review of permit applications. Within thirty (30) calendar days of receipt of this letter, LANL must submit to HRMB the Permit Fee of seventy-four thousand dollars (\$74,000.00). Failure to submit the fee by the due date will delay processing of the permit application, and may result in permit denial.

Please submit the fee by certified mail, payable to: NMED Hazardous Waste Permit Fees. Send the payment to:

RCRA Permits Management Program  
New Mexico Environment Department  
Hazardous and Radioactive Materials Bureau  
P.O. BOX 26110  
Santa Fe, NM 87502

Upon receipt of the permit fee, HRMB will proceed with a technical review of the permit application.
