Re: Approval of RFI Work Plan for Operable Unit 1154  
Los Alamos National Laboratory (NM0890010515)

Dear Mr. Taylor:

The Environmental Protection Agency has reviewed and approves the RCRA Facility Investigation for Operable Unit 1154, Fenton Hill Site. The Fenton Hill Site is not included in the Hazardous and Solid Waste Amendments (HSWA) portion of the RCRA permit for Los Alamos National Laboratory. Unless it is determined that a site poses an unacceptable threat, work at this site should proceed as funding allows. The approved work plan shall consist of the RFI Work Plan received May 25, 1994, and the Notice of Deficiency Response dated April 26, 1995.

Should you have any questions, please feel free to contact Ms. Barbara Driscoll at (214) 665-7441.

Sincerely,

William K. Honker, P.E.  
Chief, RCRA Permits Branch
