Subject: SWMU 61-002 Borehole Relocation Request

Melanee,

This e-mail is in response to your fax dated 8/8/06 regarding a proposed change to a borehole location at SWMU 61-002. The proposed location is approximately 20 feet south of the proposed location in the approved Accelerated Corrective Action Work Plan. The request is due to the proximity of an existing road to the borehole location. NMED approves this change to the approved work plan. Please let me know if you have any questions regarding this e-mail.
