Subject: RE: R-46 proposed well design

Mark,

This email serves as NMED approval for installation of regional well R-46 as proposed in the figure attached to the original email received by NMED today (February 9, 2009 at 10:38 AM). This approval is based on the information available to NMED at the time of the approval. NMED understands that LANL will provide the results of preliminary sampling, any proposed modifications to the well design proposed in the above-mentioned email, and any additional information related to the installation of well R-46 as soon as such information becomes available.

Thanks

Jerzy Kulis

Subject: R-46 proposed well design

Jerzy,

Attached is LANL's proposed design for well R-46 along with a narrative description of the observations and considerations that informed the design. If you are ok with our proposed design, please respond with your concurrence. Feel free to contact Danny (667-6333) or me with questions or comments.

Thanks,

Mark Everett, PG
