 Santa Fe, NM 87502

**SUBJECT: TECHNICAL AREA (TA)-73 (AGGREGATE 73-2) RESOURCE
 CONSERVATION AND RECOVERY ACT (RCRA) FACILITY
 INVESTIGATION (RFI) REPORT**

Dear Mr. Kieling:

The purpose of this letter is to confirm in writing the agreement that was reached between representatives of the Los Alamos National Laboratory (LANL's) Environmental Restoration (ER) Project and the New Mexico Environment Department (NMED) Hazardous and Radioactive Materials Bureau (HRMB) concerning the RFI Report for TA-73.

Minutes from the December 8, 1999 meeting between HRMB and LANL reflect that a list of baseline activities for FY00 and FY01 was distributed (after recently re-constraining that baseline). These activities include a deliverable date of June 21, 2000 for the TA-73, Aggregate 73-2 (including potential release sites 73-004 (a, b), 73-005, and 73-006) RFI Report. As agreed upon in a discussion on January 21, 2000, between you and Dave McInroy of the LANL ER staff, the work scope supersedes NMED's October 20, 1999 correspondence. The FY00 Work Schedule will reflect this new delivery date.

If you have any questions, please call Elizabeth English at (505) 667-9537.

Sincerely,

Julie A. Canepa, Program Manager
 Los Alamos National Laboratory
 Environmental Restoration

Sincerely,

Theodore J. Taylor, Program Manager
 Department of Energy
 Los Alamos Area Office
