David:

I will be in meetings all day today and tomorrow. I did receive your voice mail regarding sampling suite for the Airport Landfill Drainage IM. Since the IM will be submitted to NMED in Draft, please propose the sampling suite in the draft plan. If NMED has comments or concerns they can be addressed a part of the draft IM plan review. Please include sampling and analysis for all potential constituents of concern related to the drainages or the mesa top source.

Vickie
