Bob,

We have received the Sampling Notification for SWMU 73-002, dated October 7, 2005. Similar to the Sampling Notification for SWMU 03-010(a), the Permittees must include a Table, which provides the SWMU/AOC number, the estimated number of samples, the type of sampling (i.e. surface, shallow subsurface), and the analytical suite to be performed.

The Permittees must resubmit the Sampling Notification prior to commencement of field work.

If you have any questions, please let me know.

Thank you,
Katie
