RE: Submittal of Permit Application for Melrose Air Force Range (MAFR)

Dear Ms. Hoditschek

Cannon AFB is pleased to present the RCRA Permit Application for Melrose AFR. Based upon the 31 Aug 93 meeting with your office, we are confident the application is administratively complete. We have incorporated many of your comments from the 31 Aug 93 meeting and feel we have made good progress toward providing an application which is also technically complete.

We are prepared to progress with permit application fees so your review may begin. However, if we do not receive guidance and final cost of the application fee by approximately 26 Sep 93, we will have difficulty processing payment until after 1 Oct 93. This is due to the end of our fiscal year.

We greatly appreciate and thank you for the time you and your staff have taken to provide technical support and feedback. If you have any questions, please contact our office at (505) 784-4348. Our point of contact is Capt Greg Walters.

Sincerely

WILLIAM M. GUTH, Colonel, USAF  
Commander
