RE: Extension of Submittal Date of Draft RFI Report on Melrose Range, Cannon Air Force Base (CAFB)

Dear Colonel Ard:

The New Mexico Environment Department (NMED), Hazardous and Radioactive Materials Bureau (HRMB) received your letter of June 11, 1996. Your aim of writing NMED was to request an extension of the due date for the Draft RCRA Facility Investigation (RFI) Report on Melrose Air Force Range to November 15, 1996. In your letter you explained that CAFB's contractors were having problems connected with drilling and field investigations. You also added that you will need additional funding.

In light of the above reasons, HRMB hereby grants CAFB the extension to November 15, 1996, effective from the date you receive this letter. CAFB must therefore submit the required Report to HRMB **no later than November 15, 1996**. Please call me at (505) 827-1561 if you have any questions on this matter.

Sincerely,
