Dear Mr. Bearzi

This letter is the second quarter (Mar-Jun 01) Progress Report as required per Section F, Module IV, of the Cannon Air Force Base Resource Conservation and Recovery Act, Part B Permit for Melrose Air Force Range (AFR), Hazardous and Solid Waste Amendments Section.

During the second quarter of 2001, Cannon AFB in cooperation with USGS came up with a plan to accomplish another round of groundwater sampling at Melrose AFR. The sampling took place in the second week of Jul 01. These results will be delivered to New Mexico Environment Department upon completion.

If you have any questions, please contact Mr. Denny Timmons of my staff at (505)784-4639.

Sincerely

ROBERT S. PYEATT, GS-13
