Dear Mr. Pierard

Cannon Air Force Base (AFB) is respectfully requesting a 365-day extension to address the *Notice of Disapproval Annual Groundwater Monitoring Report 2016 - Revision 2 Melrose Air Force Range*. With NMED concurrence, this request will extend the due date from October 30, 2020 to October 30, 2021. This extension follows the direction provided by NMED during the meeting held October 29, 2020. This will allow sufficient time to secure funding, contract acquisition, report drafting, review, finalization, staffing for signature, and final submission to NMED.

Cannon AFB appreciates the valued working relationship established with you and the department. If you have any further comments or questions pertaining to the referenced document, please contact me at (575) 904-6744 or at christipher.gierke@us.af.mil.

Sincerely

C.N. GIERKE, GS-12, AFCEC
