

PNM Person Station January 19, 1984

EID Internal Meeting

Ray Seeneros } Hazardous
Boyd Hamilton } Waste
Maurie Goad }
Dave Boyer } ground water
Paige Grant }

Discussion of approach to Person Station Agreement that they are in violation of both hazardous waste regulations and UIC regulations and that we should use both.

Hamilton has written a draft letter to them on hazardous waste status. Boyer will write some paragraphs on UIC violations which he will add onto Hamilton's draft & then circulate the combined letter which will be for Ruppel's signature. Letter should go out next week.

Notes of M. Goad
