Mr. Ron Johnson,
Public Service Company of New Mexico
Alvarado Square
Albuquerque, NM 87158

RE: NMED RESPONSE TO PUBLIC SERVICE COMPANY OF NEW MEXICO PROPOSED
CORRECTIVE ACTION PLAN
NMT360010342

Dear Mr. Johnson:

The New Mexico Environment Department (NMED) received Public Service Company of New Mexico's (PNM) "Response Information to Corrective Action Directive NMT360010342 Issued For PNM Person Generating Station" on November 21, 1991. The NMED has reviewed the proposal and has enclosed comments and revisions. Note that exhibits 1 through 7 must be revised by PNM to accommodate changes made to the Technical Schedule and Attachments A and B.

According to the Revised Technical Schedule issued as part of this response, PNM shall incorporate these revisions and resubmit their Corrective Action Plan to the NMED within 30 days of receipt of this correspondence.

This response is issued as part of the Corrective Action Directive NMT360010342 which is a permit action in compliance with The Public Service Company of New Mexico Person Generating Station, Post-Closure Care Permit NMT360010342-1, Module III F.6. Failure to follow this Directive is failure to comply with the Permit and will result in enforcement action.

Inquiries should be directed to Joseph Kennedy (505) 827-4300 or Tracy Hughes (505) 827-2987.

Sincerely,

Kathleen M. Sisneros
Director, Water and Waste Management Division
