Dea Mr. Johnson:

This letter is in response to Public Service Company of New Mexico's request, dated November 23, 1992, for approval of:

1. Proposed schedule for the four deliverables requested in HRMB's October 15, 1992 letter, and
2. Replacement of monitor well PSMW-1 with new monitor well to be designated PSMW-1R. Sampling of monitor well PSMW-1 to be discontinued because of the difficulty of sampling due to declining water levels. New monitor well PSMW-1 will be sampled in its place.

These two items are approved. If you should have any questions or comments pelase contact Jane Cramer of my staff at 827-4313.

Sincerely,

Ed Horst, Program Manager
