MEMORANDUM

TO: File, PNM/Red/93

FROM: Jane Cramer, Technical Compliance Program

THROUGH: Steve Alexander, Technical Compliance Program Manager

DATE: October 20, 1993

RE: **Hazardous and Radioactive Materials Bureau (HRMB) and San Jose Community Awareness Council (SJCAC) Meeting on groundwater contamination at Public Service Company of New Mexico Person Generating Station (PNM)**

Jane Cramer, HRMB, Technical Compliance Program  
Dolores Herrera, SJCAC Executive Director,

On October 19, 1993, an HRMB staff member met with a SJCAC representative at the SJCAC office in Albuquerque. The meeting was held to update SJCAC on groundwater contamination investigation and remediation status at PNM and to provide information on any questions arising from the September 2, 1993 HRMB/PNM/SJCAC meeting and information exchange.

The topics of discussion included the following:

- results and current status of the deep plume groundwater contamination investigations
- proposed remediation
- special concerns of the community
- process for public involvement at PNM
- status of the HRMB public notice mailing list
- SJCAC newsletter, Up Close (copy of issue no. 1 of newsletter attached)
