Santa Fe, New Mexico 87502-6110

Subject: NMD069424323
Bi-annual Report 1993

Dear Ms. Walker;

Enclosed please find the postcard to notify you that San Juan Generating Station is exempt from the requirement to file the 1993 Hazardous Waste Report. During 1993 San Juan Generating was not a large quantity generator and the site did not treat, store or dispose of RCRA hazardous waste on site in units that are subject to RCRA permitting requirements.

I appreciate your support on answering our questions on the sulfuric acid spill. Please contact me at 598-7628 if you have any questions or need any additional information.

Sincerely,

Mike Farley
Environmental Analyst
