

Public Service Company of New Mexico

TELECOPIER COVER SHEET

DATE: 11/1/94

TO: Teri Davis

FROM: Ron Johnson

NUMBER OF PAGES TRANSMITTED INCLUDING COVER SHEET: 2

TELECOPIER USED: MURATA M2000 - HO 4TH FLOOR

TELEPHONE VERIFICATION NUMBER: (505) 848-2340

COMMENTS:

Aerial shows proposed location for a new shallow well near the old production well #3 location. We hope this will help explain contaminants in the deep water there, as we have discussed. We will need a permit from the highway dept. Planned start date is Nov. 28, 1994.

Ron J.

Proposed location
for new
monitor well.
