Dear Mr. Garcia:

Subject: Completion of Installation,
Groundwater Treatment System,
Person Generating Station, NMT360010342

Please be advised. Effective August 26, 1996, the construction and installation of the Phase II enhancements to the Person Generating Station groundwater treatment system have been completed and deemed fully operational. Pursuant to a requirement in the Person Station Corrective Action Directive, a Post-Corrective Measures Implementation Report is to be submitted to the New Mexico Environment Department 60 days after installation is complete. PNM will submit this report by October 25, 1996.

If you have any questions, please contact me at (505) 241-2998.

Sincerely,

A handwritten signature in black ink that reads "Ron Johnson".
