RE: MODIFIED CLOSURE PLAN FOR THE CONTROLLED AIR INCINERATOR  
SUBMITTED BY LOS ALAMOS NATIONAL LABORATORY; MODIFIED  
FINANCIAL ASSURANCE FOR POST-CLOSURE CARE SUBMITTED BY PUBLIC  
SERVICE COMPANY OF NEW MEXICO.

Dear Mr. Neleigh:

Enclosed please find a copy of a revised Closure Plan submitted by  
Los Alamos National Laboratory (LANL). LANL's modification request  
has been reviewed and approved by HRMB, and the new Closure Plan  
has been placed in NMED's Control Copy of LANL's operating permit,  
and LANL's Permittee Copy has been sent to the facility.

Enclosed please also find a modified Attachment B to Public Service  
Company of New Mexico's Post Closure Permit, which was modified in  
1993. Unfortunately, the Attachment was not changed in the Permit  
at that time, which came to light when PNM came forward to request  
guidance with financial update reporting difficulties. The modified  
Attachment has now been placed in NMED'S Control Copy of PNM's  
permit. PNM's Permittee Copy will now be sent with a letter  
requesting PNM to Public Notice the modification.

If you have any questions, please contact Mr. Michael Chacón of my  
staff at (505) 827-1561.

Sincerely,

Robert S. (Stu) Dinwiddie, Supervisor  
RCRA Permits Management DOE
