RE: Class 1 Permit Modification

Dear Mr. Johnson:

On March 1, 1993, Public Service Company (PSC) sent a Class 1 permit modification to the Environmental Protection Agency (EPA) for its Hazardous and Solid Waste Amendments (HSWA) permit. PSC requested that the expiration date of the permit be extended for five years (the current expiration date is August 31, 1993) because the HSWA permit expiration date does not coincide with the State's expiration date of August 31, 1998.

After further review, EPA approves your modification request for extension of the HSWA permit expiration date. PSC should immediately initiate the requirements of 40 CFR 270.42. If you have any further questions regarding this letter, please contact Rich Mayer of my staff at (214) 655-7742.

Sincerely yours,

Jack Divita
