Mr. Benito Garcia
New Mexico Environment Department
Hazardous and Radioactive Materials Bureau
P.O. Box 26110
Santa Fe, NM 87502

Dear Mr. Garcia:

Subject: Request for Supplemental Information (RSI),
Proposed Schedule for Providing Requested Information,
Person Generating Station, NMT360010342

Public Service Company of New Mexico (PNM) has received your RSI letter dated November 25, 1998, reviewed its contents, and hereby provides a schedule for providing the additional requested information. In accordance with my telephone conversation with Mr. Carl Will, this schedule incorporates enough time to allow for a meeting between PNM and HRMB (tentatively scheduled for January 26, 1999) as well as some amount of time to allow PNM to prepare additional materials to describe proposed changes in the extraction well system of the Corrective Action Program.

<u>Item</u>	<u>Date</u>
• Discussion issues for Jan. 26 meeting to HRMB	January 13, 1999
• Meeting between PNM and HRMB to discuss issues/concerns on RSI	January 26, 1999
• Supplemental Information to HRMB	March 31, 1999

After HRMB has reviewed the supplemental information, PNM will then prepare a revised application package for the public comment process which incorporates all changes from the original submittal.

If you have any questions, please contact me at (505) 241-2998.

Sincerely,

A handwritten signature in cursive script that reads "Ron D. Johnson".

Ron D. Johnson
Technical Group Leader
