Hazardous and Radioactive Materials Bureau  
P.O. Box 26110  
Santa Fe, NM 87502

Dear Mr. Bearzi:

Subject: Modified RCRA Permit Reapplication,  
Person Generating Station, NMT360010342

Public Service Company of New Mexico (PNM) is hereby submitting inserts for the final version of the five-volume RCRA permit reapplication for the Person Generating Station. The insert pages incorporate comments, suggestions, and requests for supplemental information from HRMB. A "Guide for Page Insertions" is provided to aid the page replacement process.

It is our understanding, based on discussions with Mr. Carl Will, that once HRMB has had an opportunity to make a final review of the permit reapplication, and if there are no further changes required, the reapplication will become available for the public comment process.

If you have any questions, please contact me at (505) 241-2998.

Sincerely,

A handwritten signature in black ink, appearing to read "Ron Johnson", written over a horizontal line.

Ron D. Johnson  
Technical Group Leader
