NOTICE
Notification of Class 2 Modification Request
Post-Closure Care Permit NMT360010342
Public Service Company of New Mexico Person Generating Station

This letter will serve as notification of a Class 2 Modification Request to Resource Conservation and Recovery Act (RCRA) Hazardous Waste Facility Post-Closure Care Permit No. NMT360010342 for the Public Service Company of New Mexico (PNM) Person Generating Station, located near the intersection of Rio Bravo and Broadway SE in Albuquerque, NM.

The modification request is to allow for the abandonment of monitoring wells PSMW-11, PSMW-17, and PSMW-20 without replacement. PSMW-20 will be destroyed by earth moving activities associated with the New Mexico Department of Transportation re- construction of the southbound Rio Bravo Boulevard off-ramp from Interstate 25. PSMW-11 and PSMW-17 are requested to be abandoned without replacement since all hazardous constituents have been at non-detect levels since 2008. The New Mexico Environment Department (NMED) will take action on this request in accordance with the regulations provided below.

In accordance with New Mexico Administrative Code, Title 20, Chapter 4, Part 1, Subpart IX (i.e., 20.4.1.900 NMAC), incorporating Title 40 of the Code of Federal Regulations, Part 270.42(b), this modification was submitted to the NMED on October 31, 2016.

These changes do not substantially alter the permit conditions (see 20 NMAC 4.1.900, incorporating 40CFR 270.42(d)(2)(i)) and do not reduce the ability of PNM to protect human health and the environment.

Questions regarding this permit modification may be directed toward either of the following contacts listed below. Comments' regarding this permit modification and / or the permittees compliance history during the life of the permit being modified is available from the NMED contact person listed below. The 60-day public comment period ends on January 17, 2017.
