**Signetics**

a subsidiary of U.S. Philips Corporation

Signetics Corporation  
9201 Pan American Freeway NE  
P.O. Box 10272  
Albuquerque, New Mexico 87184

111

Dear Ms. Fort:

Signetics agrees that the following conditions of the Solid Waste Disposal Act, P. L. 96-482, as amended by the Hazardous and Solid Waste Amendments of 1984, P. L. 98-616, be made a condition of Signetics' final permit. On the effective date(s) of the permit conditions, Signetics Corporation will comply with said conditions and any regulations pertaining to those conditions which may be promulgated by the U. S. Environmental Protection Agency or the New Mexico Environmental Improvement Board.

Condition 1.

On September 1, 1985, Signetics agrees that any manifest required by the New Mexico Hazardous Waste Act and Regulations, shall contain a certification by the generator that:

- (a) the generator of the hazardous waste has a program in place to reduce the volume or quantity and toxicity of such waste to the degree determined by the generator to be economically practicable; and
- (b) the proposed method of treatment, storage, or disposal is that practicable method currently available to the generator which minimizes the present and future threat to human health and the environment.

Condition 2.

Signetics shall submit reports to the Director at least once every two years, setting out:

- (a) the quantities and nature of hazardous waste identified or listed under the New Mexico Hazardous Waste Act and Regulations that we have generated during the year;
- (b) the disposition of all hazardous waste reported under the preceding paragraph;

Page 2  
February 6, 1985

- (c) the efforts undertaken during the year to reduce the volume and toxicity of waste generated; and
- (d) the changes in volume and toxicity of waste actually achieved during the year in comparison with previous years, to the extent such information is available for years prior to enactment of the Hazardous and Solid Waste Amendments of 1984.

Condition 3.

Effective September 1, 1985, if Signetics treats, stores, or disposes of hazardous waste on the premises where such waste is generated, we shall certify, no less often than annually, that:

- (a) we have, in place, a program to reduce the volume or quantity and toxicity of such wastes to the degree determined by the generator to be economically practicable; and
- (b) the proposed method of treatment, storage, of disposal is that practicable method currently available to the generator which minimizes the present and future threat to human health and the environment.

If you have any questions or comments, please contact us. The contact person and party responsible for the hazardous waste management activities at Signetics Albuquerque facility is:

Gary M. Mavrakis  
Chemical Support Section Head  
(505) 822-7188

Sincerely,

John R. McGerigle  
Plant Manager
