Dear Mr. Cochran:

As we discussed in our meeting of October 4, 1995, enclosed please find the following examples of public information sheets:

a copy of a Public Notice of intent to issue a RCRA research, development, and demonstration (RD&D) permit issued by the New Mexico Environment Department (NMED). This is a formal notice published in the Legal Section of appropriate newspapers;

a fact sheet for the RD&D permit mentioned above; and

a copy of a Notice of a RCRA permit Class I modification. This notice was mailed by the Permittee to all persons and organizations on our mailing list for the area as well as on the Permittee's mailing list.

Also enclosed are mailing labels for all persons on NMED's RCRA mailing list for District I, which includes Albuquerque. In accordance with 20 NMAC 4.1, Subpart IX, 40 CFR 270.42(a)(1)(ii), the public notice should be mailed after the permit modifications have been approved.

Please call Stephanie Kruse of my staff at 827-1561 if you have any questions or comments.

Sincerely,

Barbara Hoditschek
