RE: Coronado Landfill  
DATE: March 1, 1996

The Assessment and Abatement Section of the Ground Water Quality Bureau is interested in participating in investigation and cleanup of the Coronado Landfill site. Dennis McQuillan will be the contact for the GWQB. His participation will include review of documents to ensure that the Abatement standards of WQCC regulation 4103 will be met at this site.

Please contact Dennis at extension 2831 if you have any additional questions.
