SUBJECT: Philips Semiconductors (NMD000709782) - Final Closure Certification

Dear Mr. Garcia:

Philips Semiconductors (Philips) located at 9201 Pan American Fwy N.E. in Albuquerque completed Closure of its hazardous waste storage facility on January 10, 1996, and began operation according to 90-day generator standards codified in 40 CFR 262. Enclosed is the required Certification statement from our designated representative, Keith Hampe, Vice President of Albuquerque Operations. This meets the requirements of 40 CFR 264.115 and the approved Philips Closure Plan. The Final Closure Report for review and approval is being sent to Barbara Hoditschek under separate cover.

If you have any questions, please call me at (505) 822-7678.

Sincerely,

James Cochran
EHS Manager

Closure Certification

This certification is submitted in accordance with 40 CFR 264.115 and page 74 of the Philips Semiconductors Closure Plan dated November 1995.

"I certify under penalty of law that based upon my inquiry of the person or persons who managed the project, or those directly responsible for gathering the information, that the information submitted is, to the best of my knowledge and belief, true, accurate, and complete and that closure was performed according to the Closure Plan. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations."
