TRANSMITTAL OF: PHILIPS SEMICONDUCTORS/CITY OF ALBUQUERQUE  
CORONADO MUNICIPAL LANDFILL Pre-1987 EPA RCRA FACILITY ASSESSMENT  
REPORTS & ADDITIONAL SITE ASSESSMENT DATA

Rich, as per our telephone conversation this morning, I am enclosing the following items found in the Philip's RCRA Facility File here at NMED HRMB that you are missing from your files:

1. EPA Site Investigation Report of the Signetics Corporation Facility (a.k.a. Old Coronado Landfill) at 9201 Pan American Freeway, NE, Albuquerque, NM, by Phyllis Pei, Environmental Affairs Supervisor, September 1986.
2. Inorganic Analysis Data Sheet, 5 pgs., EPA Sample Nos. HF0628, Water; HF 0629-0632 Soils; Sample Analyses by Rocky Mountain Analytical for U.S. EPA Contract Laboratory Program, Sample Management Office, P.O. Box 818, Alexandria, VA, Date?
3. Organics Analysis Data Sheets Volatile Compounds, 03/21/84,

File: HSiWA PS 1 1996  
Topic: PS, 5-9-96, NA, IT CORP, HRMB/DEC, RE: highlighted.

18 pgs., Case #/SAS # 2590, Laboratory IT/WCTS.

4. Quantitation Report File: 229044F1, Organics Analysis Data Sheets, Semivolatiles, 03/28/84, 18 pgs.
5. Pesticides Analysis Data Sheets, Handwritten Entries, 7 pgs., Dated 04/03/84.
6. Three copied photographs of two people with EPA? sampling landfill material at Signetics, R. Parking, Photographer and R.M. Lowy, Witness, 03/21/84, attached to Laboratory Analytical Sheets listed in items 3, 4 and 5 above (not attached when I got the file).
7. Water Wells Surrounding Signetics, Author?, Date?, 7 pgs, possibly from the City of Albuquerque, NM or the State Engineers Office, District 1.
8. Outdoor Methane Monitoring Results for Signetics-Albuquerque, March 1984, 2 pgs.

I did not find any report based on the sample results referred to above, although there could have been one prepared by the former State of New Mexico Environmental Improvement Division, now NM Environment Department, as referred to by EMCON Associates in their June 1987 report prepared for Signetics Corp., and titled: Baseline Ground-Water Investigation Signetics Corporation, Albuquerque, New Mexico. You might be able to obtain a copy of the report, if it exists, from EMCON.

If I can be of further assistance, please feel free to contact me at (505)827-1558. After May 31, 1996 you should contact Stephanie Kruse in permitting, at 827-1561 or Ronald Kern, at 827-1558.
