SUBJECT: Philips Semiconductors (NMD000709782) - Notification of Quarterly Groundwater Sampling

Dear Ms. Olson:

Per the requirements listed in Module IV - Corrective Action of RCRA Permit No. NMD000709782-1 section C.1(a), Philips is providing you the required 10-day notification, prior to conducting quarterly groundwater sampling. The sampling is scheduled to take place the week of February 1, 2000, and will be performed by Daniel B. Stephens and Associates (DBS&A). Starting with this quarter, wells having eight or more quarters of sampling data will be sampled annually as stated in the recent permit modification. All other wells not meeting this criteria will be sampled quarterly. The wells to be sampled during this quarter include NCLF-5, NCLF-6, and new wells NCLF-7, NCLF-8 and NCLF-9.

If you or one of your group members would like to be present at the time of sampling for observation, split samples, etc., please call me at (505) 822-7342.

Sincerely,

A handwritten signature in cursive script that reads "David Paulson".
