RE: Annual Unit Audit for 1999

Dear Mr. Mauser:

The RCRA Permits Management Program (RPMP) has completed the Annual Unit Audit (AUA) for 1999 of facilities permitted and/or conducting corrective action under the New Mexico Hazardous Waste Act. The Annual Unit Audit ensures each facility's permit appropriately reflects and accurately lists the facility's operating, closure, post-closure-care, and corrective action units as required in 20.4.2.201.2 NMAC. Under the provisions of 20.4.2.201.1 NMAC the AUA is also used to determine the Annual Hazardous Waste Management Business Fee (AHWMBF) for each facility. Input from each facility was requested in a letter dated February 29, 2000 and signed by Dr. Robert S. (Stu) Dinwiddie, AUA Project Leader and RCRA Advisor.

**As a result of the AUA, an Annual Hazardous Waste Management Business Fee of \$250.00 is assessed for Philips Semiconductors. Tables used for the calculation of this fee are enclosed.**

Payment is due within sixty (60) days of your receipt of this letter, as required by 20.4.2.401 NMAC. Should the return receipt be sent back to the Hazardous Materials Bureau without a date of receipt, the fees are due sixty (60) days from the date of this letter. Payment should be made by certified check or money order payable to the New Mexico Environment Department Hazardous Waste Fund #339. Should you need to request an extension of the sixty (60) day period, the request must be received a minimum of fourteen (14) calendar days prior to the end of the sixty (60) day period.

Mr. Joe Mauser

This fourteen (14) day period is necessary to ensure that the facility receives written approval or denial prior to the expiration of the sixty (60) day payment period.

Payments should be mailed to:

The Hazardous Materials Bureau recognizes that there may be disagreement regarding the inclusion of some units on the permit and AUA list. If you disagree with the fee assessed, you may file an Administrative Appeal under the provisions of 20.4.2.302.1 NMAC.

If you have any questions you may contact me at (505) 827-1561 Ext. 1039.

Sincerely,

Robert S. (Stu) Dinwiddie, PhD
