SUBJECT: Philips Semiconductors (NMD000709782) - Notification of Quarterly Groundwater Sampling

Dear Mr. McDonald:

Quarterly groundwater sampling for Quarter-4 will be conducted at the Philips Semiconductors site the week of October 15, 2001. The sampling will be performed by Daniel B. Stephens and Associates (DBS&A), a local environmental contractor. This quarter will include sampling of five (5) wells. The wells to be sampled are City of Albuquerque wells NCLF-7 through NCLF-9 and newly installed Philips Semiconductors wells MW-5 and MW-6.

If you or one of your group members would like to be present at the time of sampling for observation or split samples, please call me at (505) 822-7342.

Sincerely,

David Paulson
Environmental Section Head
