RE: Closure of NMD00070982

Dear Mr. Bearzi

The former Philips Semiconductors, Inc. facility located at 9201 Pan American Freeway NE, Albuquerque closed the operation of our wafer fabrication process in December 2003. On May 26, 2006 the facility was sold to the North I-25 Corporate Center, LLC. The decommissioning of the Facility pursuant to the sale was completed December 28, 2006. All semiconductor and related process equipment has been removed and there is no manufacturing/fabrication at this location.

Accordingly, we request the cancellation of our Hazardous Waste Permit, Number **NMD00070982**.
