

Telephone Personal Time / Date 3/23/90

Originating Party: Dave Englert
Other Parties: Rob Cmienski (Safety Kleen)

Subject: Albuquerque Safety Kleen Service Center

Discussion
Reconstruction limit RE: tank installation & other improvements cost estimates. Certified letter mailed 3/18/90 including cost of \$130,000 - well below reconstruction limit.
RE: Clarified which tank is to be permitted, single walled tank (existing) or new double walled tank, [double walled tank].
RE: Letter of Deficiency to be sent regarding tank design and installation certified by independent engineer.
RE: After Admin review other items cleared up under Techn. Review.

Conclusions or Agreements
- Visited w/ Delanahan later & he will try FAXing that letter. (2) Double walled tank to be permitted & as soon as it's installed old single wall tank taken out of service (3) Already began to address narrative of tank design & installation - am sending letter of deficiency, March 20, 90

Distribution: Signed David Englert
