Dear Mr. Godfrey:

The New Mexico Environmental Improvement Division is considering granting a permit to Safety-Kleen Corporation in Albuquerque to operate a hazardous waste storage in container storage buildings and a double-walled underground storage tank. Enclosed is the draft permit and fact sheets for the Safety-Kleen Albuquerque Service Center.

The public has been invited to review and comment on the draft permit. Comments will be accepted until February 21, 1991. Please make these documents available at your library in an appropriate location.

Thank you for your assistance. If you have any questions please contact Mr. David Englert on my staff at the address below or at (505) 827-0142.

Sincerely,

A. Elizabeth Gordon, Ph.D.
