**RE: Public Notice of Proposed Closure Plan including Proposed  
Conditions for Closure Plan Approval**

Dear Mr. Wachsmuth:

On October 29, 1992, the Hazardous and Radioactive Materials Bureau (HRMB) received the final closure plan for Safety-Kleen Corp. Service Center, 2720 Girard NE, Albuquerque, New Mexico, (NMD000804294), dated May 18, 1992. The HRMB review of the document submitted indicates that it meets the substance of the New Mexico Hazardous Waste Management Regulations (HWMR-7), Part VI, Section 40 CFR 265.112.

The HRMB proposes to issue a thirty (30) day public comment period in accordance with HWMR-7, Part VI, Section 40 CFR 265.112(d)(4) on the proposed closure plan which includes the enclosed proposed Conditions for Closure Plan Approval. You are invited to comment on the plan and the enclosed conditions during the public comment period that runs from March 26, 1993 through April 26, 1993. The New Mexico Environment Department (NMED) will reach a final decision on the closure plan approval at the end of the public comment period. Public comments received by the end of the public comment period will be considered in the NMED's final decision.

Please contact Marc Sides of my staff at (505) 827-4308 if you have any questions.

Sincerely,

A handwritten signature in cursive script that reads "Barbara Hoditschek".

Barbara Hoditschek, RCRA Permit Program Manager  
Hazardous and Radioactive Materials Bureau
